**To educate individuals to become compassionate and responsible global citizens who contribute towards sustainable development.**

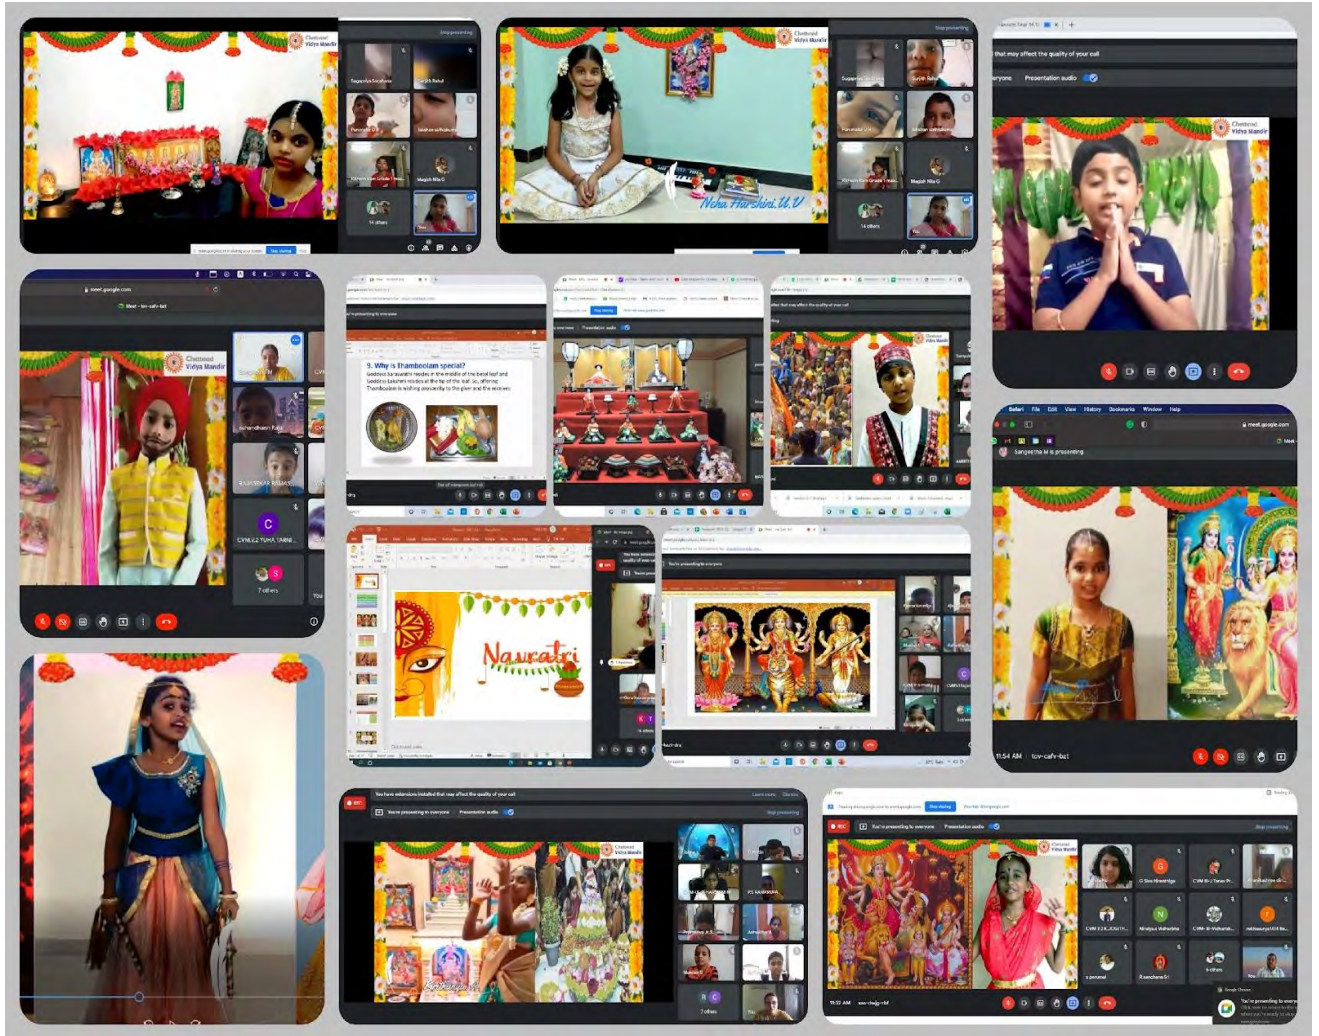

# Navaratri Celebration

Navaratri - the nine days of celebration was organized this year. Students understood that these nine days were meant for developing more Sattva guna within us. They set up Golu in their homes, offered prayers and Neivedhyam and shared their experiences virtually.

# Navaratri Celebration

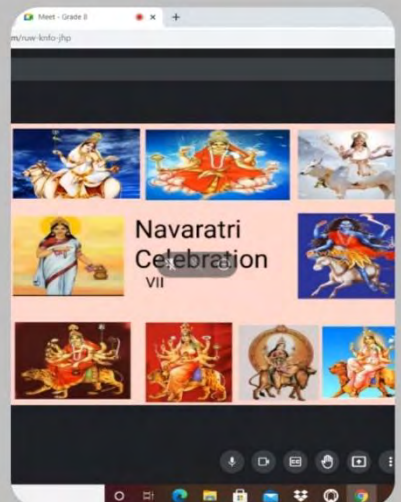

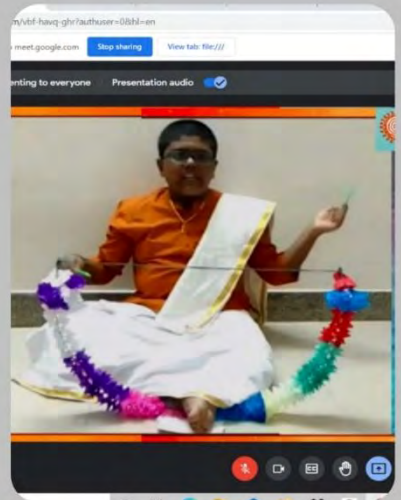

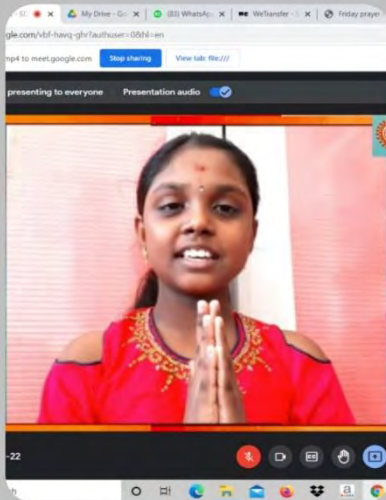

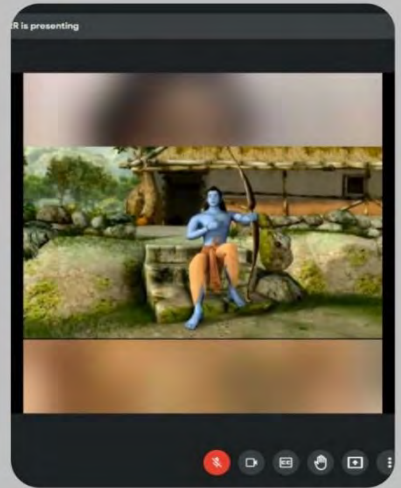

Navaratri - the nine days of celebration was organized this year. Students understood that these nine days were meant for developing more Sattva guna within us. They set up Golu in their homes, offered prayers and Neivedhyam and shared their experiences virtually.

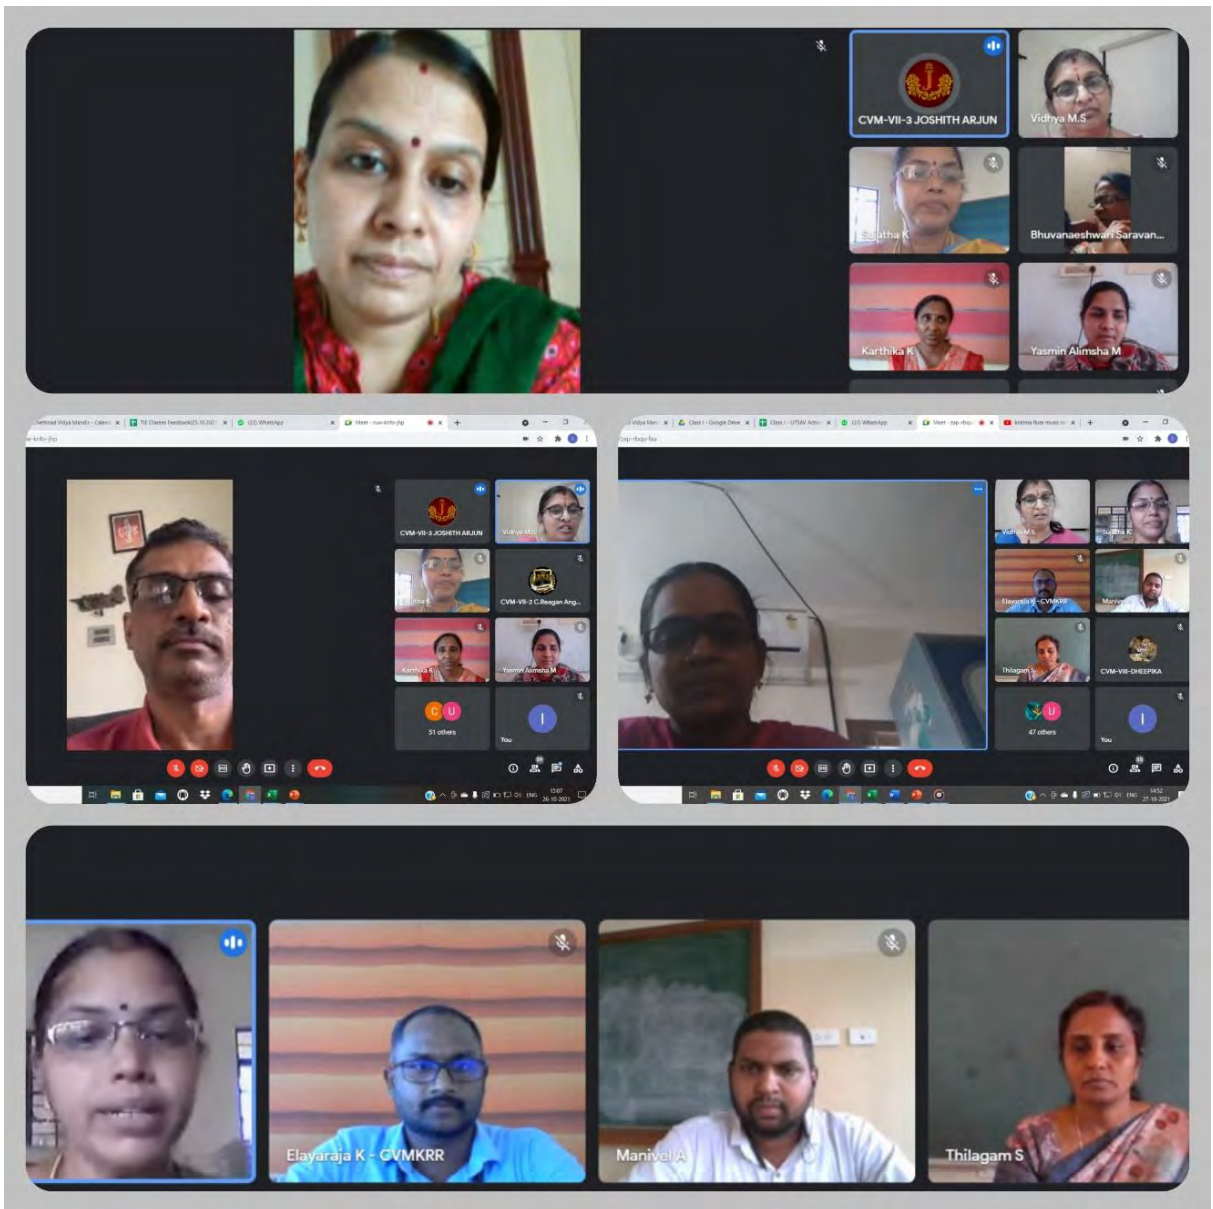

# Parent Orientation

Parents were oriented about the Standard Operating Procedures (SOP) and the safety measures implemented by the school before the school reopened physically, after a long time.

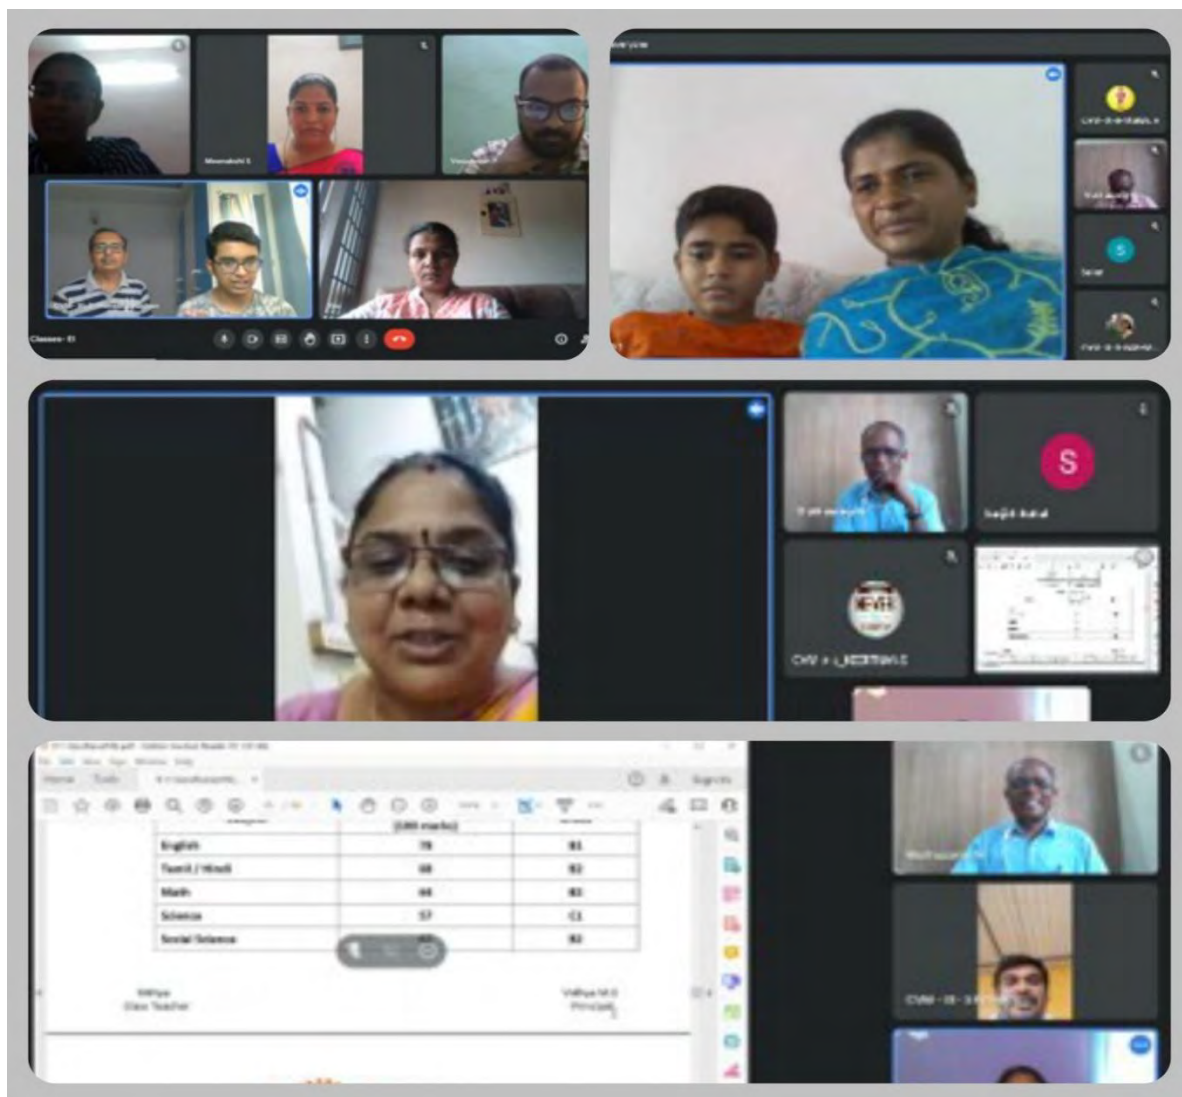

# Vijayadashami Admission

The final day of Navaratri celebration is an auspicious occasion for initiating learning. New children were made to write the alphabets with their fingers on paddy grains spread on a plate.

# Parent Teacher Meeting

Parents Teachers Meet (PTM) was organized for grades I to IX and XI from 20<sup>th</sup> to 22<sup>nd</sup> of October, 2021. This meeting was aimed at discussing the academic performance in the Term-1 Examination. It was an interactive and student-led meet. Both the parents and teachers were in pursuit of understanding and analyzing the performance. They also discussed the areas where they need to support the child.

# APER – A Storytelling Workshop

The Association for Primary Education and Research hosted a storytelling workshop for the teachers on the 22<sup>nd</sup> of October 2021. The objective of the session was to shift students from digital space to physical space. It was an interactive session. The resource persons discussed how storytelling can be interesting and engaging.

# Gandhi Jayanthi

Gandhi Jayanthi was celebrated on the 2<sup>nd</sup> of October 2021 in CVM. The celebration carried five important questions which were reflected from his autobiography 'My Experiments with Truth'. The highlighting question was **"How** are you going to design your life - a Primrose Path or a Promising **Path?"**.

# Global Citizenship Program

The image shows a Zoom meeting window with a presentation slide and a sidebar with participant thumbnails. The presentation slide is titled "What is the amount of water an average Indian household wastes everyday?" and lists three options: 20L, 45 L (highlighted in orange), and 15 L. A text box on the slide asks, "Any idea how that is per Year?". The sidebar shows a participant named "Balju Bafin V" and a group named "CVM XI-2 SABHARIMAN...". Below the Zoom window, there are two screenshots of the "Solve Ninja" webapp. The left screenshot shows the "Upload Investigate" section with instructions on how to upload work, including a list of steps: "Login: [app.solve-ninja.org\"](\"#\") -> Click on the 'I' sign -> Select form types -> Act of Solve -> Choose type of action as 'Investigation' -> Write a brief description of your work along with your team name, upload photos/documents and add any links. Submit." The right screenshot shows the "Upload Solve" section with instructions on how to upload work, including a list of steps: "Login: [app.solve-ninja.org\"](\"#\") -> Click on the 'I' sign -> Select form types -> Choose type of action as 'Report/Campaign/Solution/Entrepreneur' -> Write a brief description of your work along with your team name. Upload photos/documents and add any links. Submit."

**What is the amount of water an average Indian household wastes everyday?**

- 20L
- **45 L**
- 15 L

**Any idea how that is per Year?**

Please follow them and ensure each member of the team has uploaded the work.

**Upload Investigate**

**Uploading your Stories in Solve Ninja Webapp**

**How to upload the work:**

The facilitator discussed with grade XI students on the reduction in the consumption of water. Students measured the flow rate of water per minute in every tap in their houses. This enquiry helped them be aware of the amount of water they use every day. In his class, students came up with the idea of using aerators to reduce the flow of water and with him, they found an alternative solution to reduce the use of water in flush tanks.

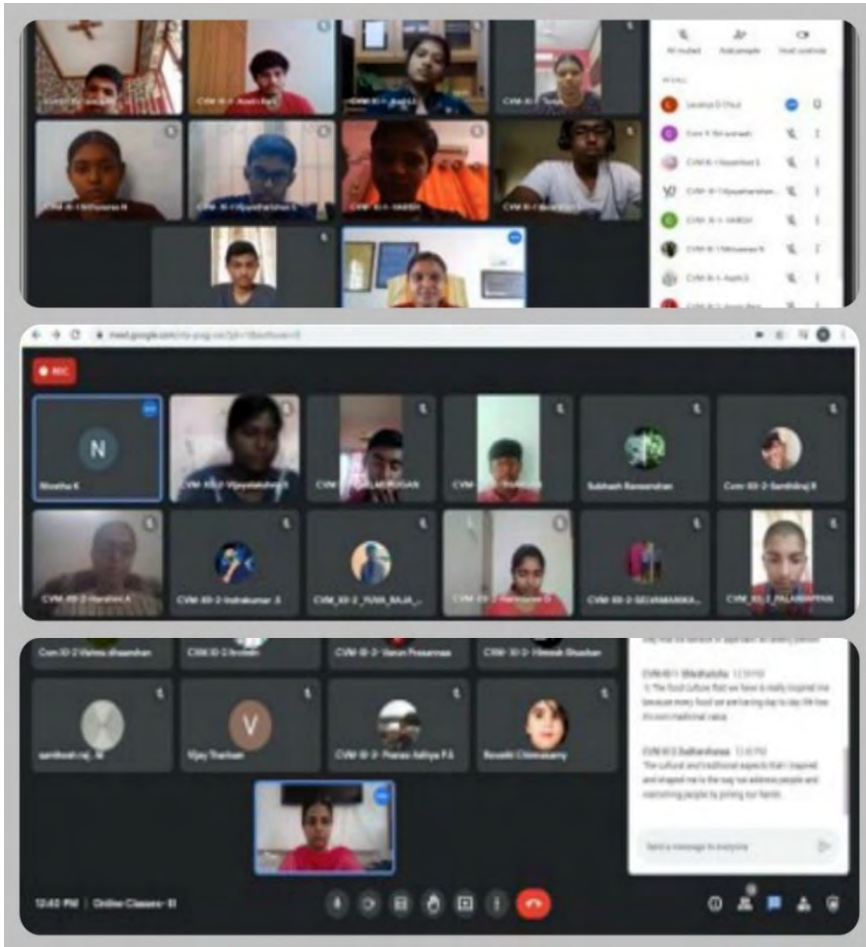

# Global Citizenship – Project on Covid

Students of grade IX have taken up various projects related to Covid. They also presented their projects to the entire class and uploaded the same in the Solve Ninja Webapp. 'It was a team work', they stated.

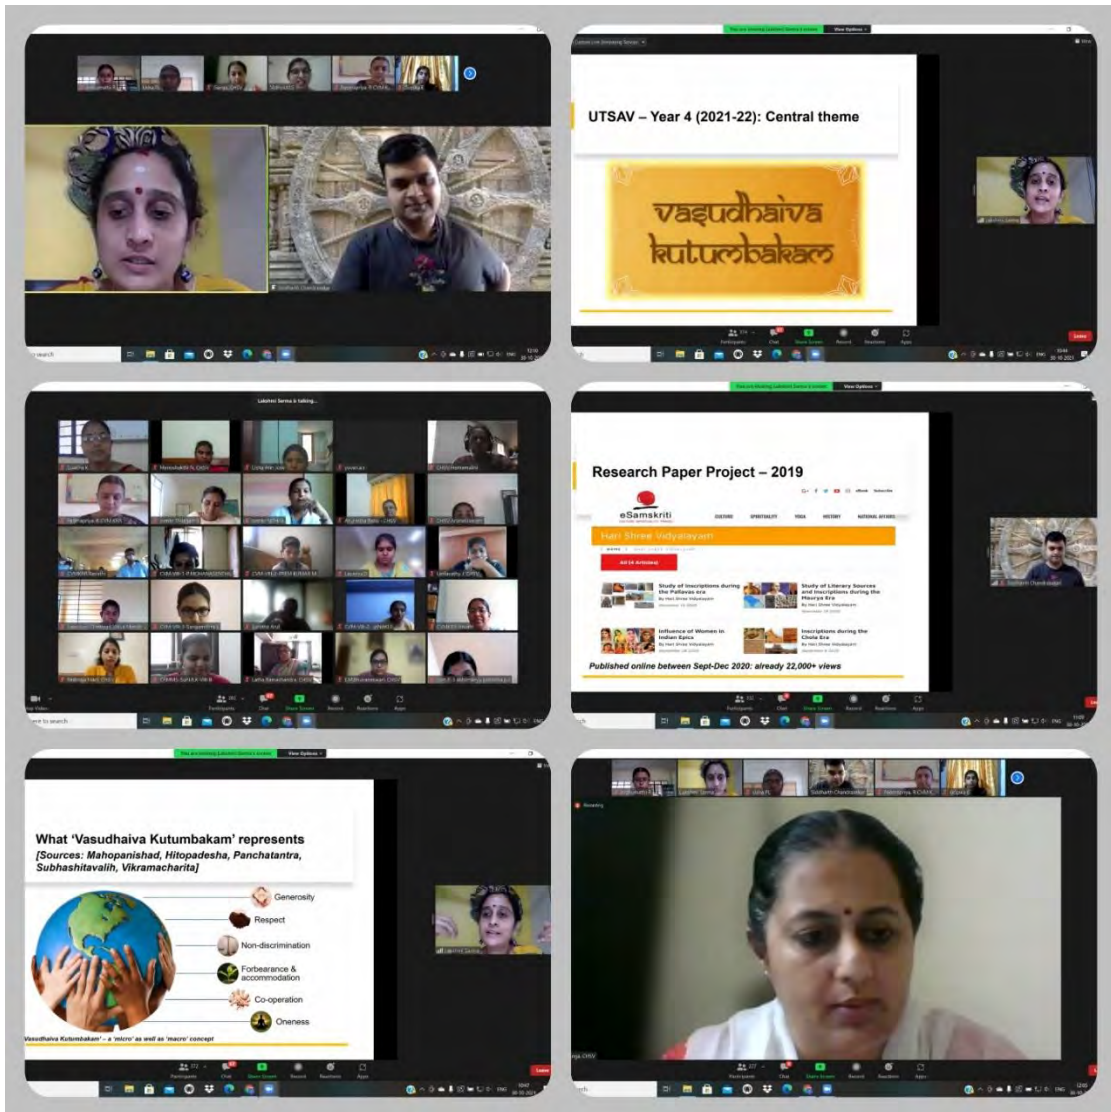

# Quality Circle Time (QCT)

Organizing Quality Circle Time (QCT) is a continuous process in CVM. The inspiration for knowing the cultural and traditional aspects and the importance of learning culture and traditions were some of the areas of reflection in QCT. Students reflected that one has to be deeply rooted in culture and tradition so as to lead a meaningful life.

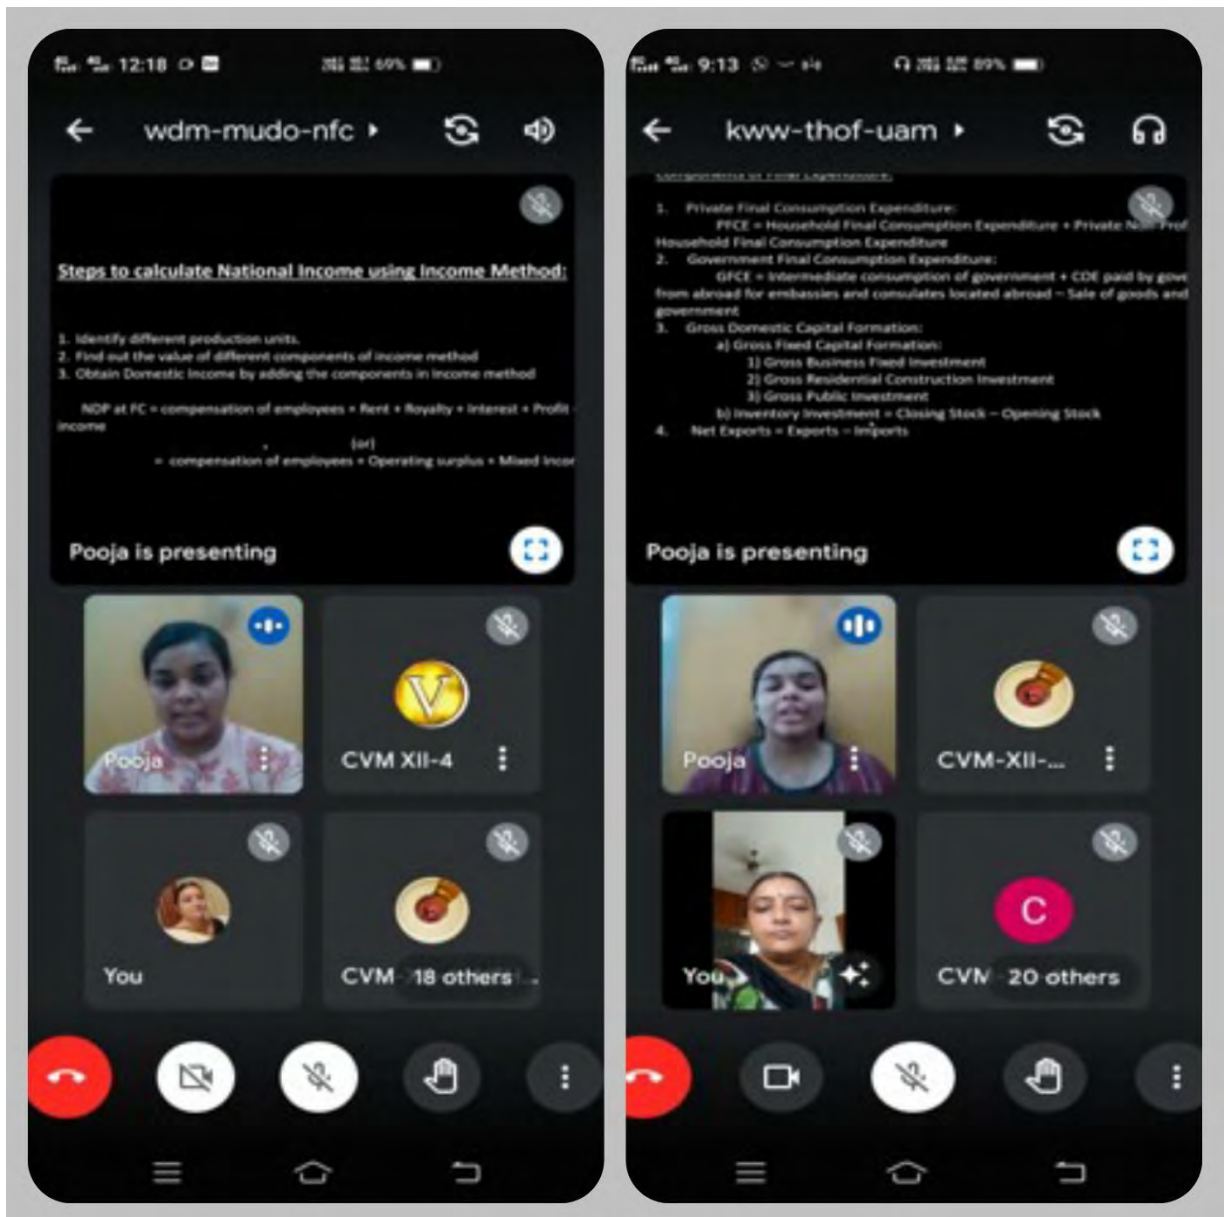

# Utsav - A Preparatory Session

UTSAV was yet another journey for the students to understand our cultural roots. Mrs. Lakshmi Sharma and Mr. Siddhartha Chandrasekar briefed the process of celebrating UTSAV. The higher grades involve in research projects. The session focused on the choices of topics, the methodology.

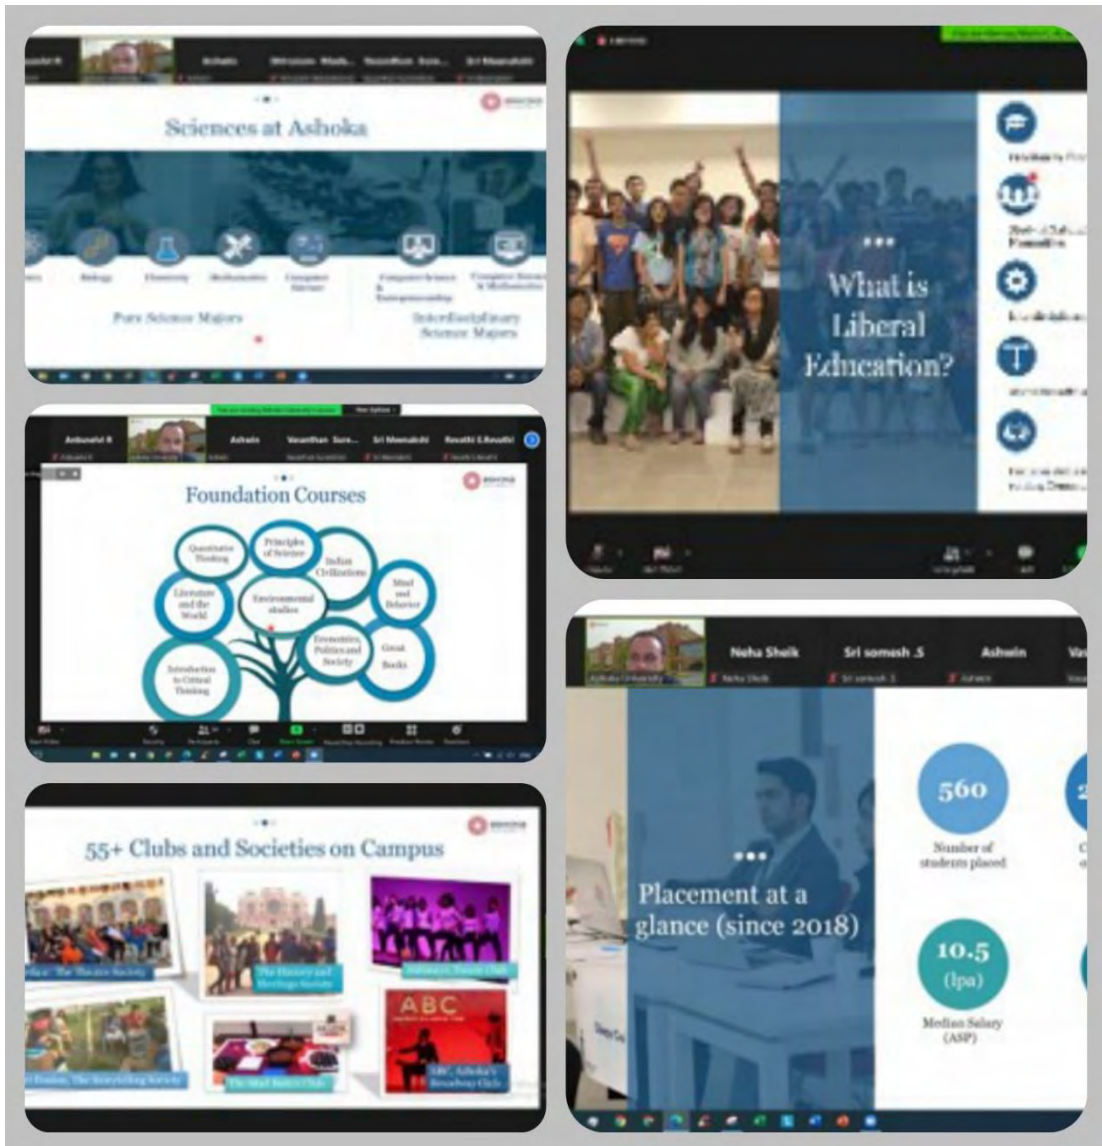

# Seminar on 'National Income'

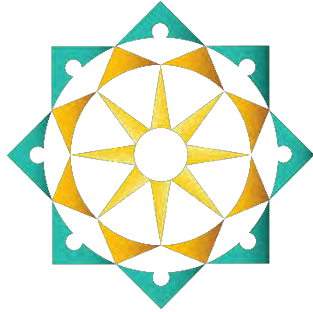

Ms. Pooja, our Alumnus conducted a seminar on 'National Income' for grade XII in Business Studies. She, in her presentation, highlighted some of the important factors of National Income.

# Ashoka University

Ashoka University conducted a webinar on pursuing higher studies with different curriculum. The session briefed about the clear idea on the basis of different courses, fee structure, scholarship, etc. They clearly explained the infrastructure, extracurricular activities, and so on. On the whole, this session was useful and informative.
